My PJO Challenge Compilation!

PJO Challenges

**The Bow Challenge.**

**Summary of Challenge: **Percy, the son of Poseidon has always been famous for his ability too hit nothing with a bow. In some fics, he trained and becomes amazing. Whilst I love these fics, I have a challenge of my own to make. When Percy joins camp and tries out the Archery range someone recognises his gift and encourages him to continue with his bow skills. But not to perfect them. No. Continue to get worse and let his arrows fly everywhere but the target. Imagine this...:

**Extract: **

"Percy the Minotaur is closing in on us! We can't reach him because of the amount of sheer fodder he has!" Screamed Thalia over the wind.

"Don't worry, I got this!" Replied Percy bringing out his bow.

"What are you doing? You can't shoot!" Exclaimed Thalia wildly. Percy said nothing as he fired the bow towards the Empire State Building. The arrow somehow curved around and stuck the Minotaur in the heart, turning him into a pile of gold dust. Thalia stared at Percy with wide eyes.

[End]

Do you see where I'm getting at? Percy's arrows always go the wrong way.

Rules:

Fic must start before Percy goes to camp.

If Percy is blessed he cannot be blessed by Apollo or Artemis in shooting.

Percy has to kill at least 2 major monsters with this skill.

Percy still fights with Riptide.
